

Service Agencies, and he has served as Chair of the Episcopal Commission on Advocacy for Children and Youth. John is actively involved in the Foster Care Project at All Saints Episcopal Church, and he is a Canon in the Episcopal Diocese of Los Angeles.

For over 40 years, John has truly been a voice for at-risk children. His kindness, foresight, leadership and extraordinary energy have profoundly impacted the lives of the 25,000 children and their families in his care over the years. By maintaining a deep awareness of the children's current needs as well as personal knowledge of each of the residents in Hillside's care, John has created a warm, loving environment where children feel secure enough to rebuild hope for the future.

I ask all Members of Congress to join me today in honoring John M. Hitchcock for nearly 40 years of dedicated service to Hillside Home for Children and the entire community.

#### TRIBUTE TO LIEUTENANT GENERAL LARRY DODGEN

##### HON. PARKER GRIFFITH

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 24, 2010*

Mr. GRIFFITH. Madam Speaker, I rise today to pay tribute to a great American who was a good friend of mine and a good friend of north Alabama—Lieutenant General Larry Dodgen. General Dodgen passed away this past Saturday leaving a void in our Huntsville community. He was a battle tested soldier, having led his battalion into war in 1993 during Operation Desert Storm. Later in his career, he became commander of the U.S. Army Aviation and Missile Command (AMCOM) at Redstone Arsenal. He assumed this command on September 10, 2001, and led during a trying and transformative time in our nation's history. Following that duty, in 2003, he was tapped to command the U.S. Army Space and Missile Defense Command/Army Forces Strategic Command headquartered at Redstone (SMDC/ARSTRAT). He was fully invested not only in the Arsenal, but also in the Huntsville community. He was a leader in the Base Realignment and Closure (BRAC) process on Team Redstone. Following his retirement from his distinguished career in the United States

Army, he remained in the community and became the corporate lead executive of Northrop Grumman's Huntsville operations. Men such as General Dodgen are rare; he was a true servant who was fully involved both in his profession and his community. My thoughts and prayers are with his wife, Leslie, and his many friends and family who are mourning at this time. Next month I will join with many others to honor him as he is laid to rest among his fellow heroes at Arlington National Cemetery. We will all truly miss this great man, and are better for having had the opportunity to know him.

#### HONORING GLOBAL FAMILY DAY FOUNDER LINDA GROVER

##### HON. JOHN CONYERS, JR.

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 24, 2010*

Mr. CONYERS. Madam Speaker, on February 20, 2010, we lost a dedicated and tireless voice for the pursuit of peace and global sharing and cooperation, Linda Grover. I joined Ms. Grover in the founding of Global Family Day, an effort to celebrate and promote harmony within the global family every January 1st, but it was Linda whose every undertaking was in the name of Global Family Day.

Linda Grover, an author, writer, and activist, was resolute in her belief that all people, regardless of race, culture, religion, or economic status, celebrate life on earth together as one human family. It was in the promotion of this ideal, that Linda Grover and her children conceived Global Family Day, One Day of Peace and Sharing, an international holiday that would allow people around the world to engage in global fellowship.

Linda's Global Family Day initiatives were supported by the Congress and United Nations. In 2000, the 106th Congress unanimously passed S. Con. Res. 138 and in 2006, the 109th Congress unanimously passed H. Con. Res. 317 and S. Res. 582. These Congressional resolutions urged the President of the United States to issue an annual proclamation calling upon the people of the United States to observe Global Family Day. In 1999 and 2001, United Nations General Assembly resolutions, UNRes54/29 and UNRes56/2, were passed, recognizing a day of peace on January 1st and encouraging Member states to observe the global holiday.

This Congress, I introduced another Global Family Day resolution, H. Con. Res. 221. In this purpose, I was joined by Representative DENNIS KUCINICH and Senators HARRY REID and DANIEL INOUE. It was Linda's hope, as well as ours, that there finally be a proclamation issued by the President asking that the citizens of the United States celebrate Global Family Day, thereby resulting in the Day's widespread observance.

In advancing Linda Grover's legacy, we will continue to pursue this proclamation and recognize Global Family Day every January 1st. Just as Ms. Grover believed, I think that, despite our differences, each of us has an interest in pursuing peaceful solutions to many of our contemporary world problems. A better appreciation for one another, practiced at the start of a new year, can only lead to the eradication of human suffering that results from violence, hunger, poverty, and other social ills.

Even in the weeks right before she died, Linda worked diligently to spread the Global Family Day message. Linda said, "it's [Global Family Day] is going to improve our global attitude and give us a slightly better chance to overcome all these global crises that are demanding global solutions. Economy, Environment, Energy, Ethnic Enmity, Education, Employment, Epidemics—and those are just the ones that start with the letter E."

Linda's fight and determination to spread the message of peace and sharing through Global Family Day will be missed. However, I will work to make sure that the message is not forgotten. Linda is survived by three children, who I understand will continue their mother's work to champion Global Family Day, and I will join them in this effort. We must all understand, as Linda did, that by working together as one global family, we can better meet the challenges humanity will face in the years to come.

#### NEXT GENERATION CHOICES FOUNDATION: WORKING TO LESSEN CANCER

##### HON. FRANK R. WOLF

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, February 24, 2010*

Mr. WOLF. Madam Speaker, like so many Americans, my family and I have been touched by cancer. I have worked over the years in Congress as a member of the Congressional Cancer Caucus as well as my service on the Appropriations Committee to support measures to help fight cancer, including historic increases in research funding for the National Institutes of Health, NIH. I have always believed that ensuring adequate funding for medical research on diseases such as cancer is an important priority for the federal government.

There is another important component in the fight against cancer being lead today, Madam Speaker, by Bill Couzens, one of my constituents from Middleburg, Virginia. He heads a grassroots nonprofit organization—the Next Generation Choices Foundation—that he founded over 6 years ago, to build awareness for cancer prevention by reducing environmental exposures both known and suspected to be linked with cancer. After the loss of his sister Anne, mother Joan and several close friends, he felt the need to create an organization that would focus on the root causes of the worldwide cancer epidemic and increase awareness on ways to reduce exposures and choices linked with human health and the environment. He says he learned that there are healthy choices that can be made by individuals and communities to work toward a world
